

## Tabletop Pneumatic Piston Liquid Filling Machine

Model No.: **FP-150**

Tabletop Pneumatic Piston Liquid Filling Machine FP150 is suitably applied on sticky liquids such as shampoo, hand washing and dish soap. Furthermore, the Liquid Filling Machine also could be used for sticky foods such as honey, syrup, ...etc. The pneumatic filling and pneumatic shut-off nozzle, there is no leaking concern. Mechanical adjustment for different volume requirement. The liquid contactive parts are made of SUS304 stainless steel, meeting cGMP requirement.

### FEATURES:

- Easy operating, no relevant experience requirement
- Available for liquid like oils, lotion, hot sauce (under 60°C) or any other sticky liquid
- Pneumatic drive, no electronic power, easy and reliable
- Filling volume controlled by Pneumatic set
- Hand wheel counter mounted on volume control threaded rod
- Filling volume adjusted mechanically
- Pneumatic shut-off nozzle and no leaking concern
- Saucing liquids drive from tank, option for hopper
- Round filling cylinder, accurate design ensure no liquid residue
- Foot switch operation
- Made of SUS 304, meeting cGMP requirement

#### OPTIONS:

- Customizable filling cylinder for different volume requirement
- Customizable tank

#### SPECIFICATIONS:

- Air Requirement : 6kgf/cm<sup>2</sup>
- Filling Range : Subjected to customer's requirement
- Accuracy : 0.5%~1% ( subjected to filling volume)

#### DOWNLOAD:

The above specifications are subject to change without prior notice.
